AOC 15/50 Wind Turbine

Eskasoni First Nation Nova Scotia

AOC 15/50 in Nunavut

Installing Blades in West Bengal, India

Winching up on the Isle of Luing, Scotland

The AOC 15/50 wind turbine consists of a 15m rotor that produces 50kW at an 11.3m/s wind speed (60hz). This simple, reliable turbine is the evolution of a design that has been in use for over 20 years.

The AOC 15/50 produces energy at competitive rates for distributed generation, village electrification, diesel-based utilities and purchased power displacement for agriculture, industry and municipalities.

Worldwide installations include the US, Canada, Morocco, Russia, Ireland, Scotland, England and India.
